

Behavioral Health for Future Generations

\$15.8 Million Residential Grant Near Term Initiative

- **62** new beds have been created as of December 2024. This includes new and reopened beds.
- **647** projected beds are located in facilities that have had or will have repairs and upgrades.
- **237** projected beds will be housed in newly constructed facilities. This expands the system with modern, purpose-build spaces.
- **93** projected beds will be available due to the reopening of 6 facilities that were closed in the last 5 years. This revitalizes existing infrastructure and brings valuable resources back online.

1. Repair / Upgrade \$3.37 M
