988: Montana's Suicide Prevention and Mental Health Crisis Lifeline

- ▶ 988 will replace the current 10-digit Lifeline number, 1-800-273-TALK (8255), in July 2022, with an expected increase of call volume of +/-30 percent due to ease of remembering and marketing.
- ▶ The state implementation plan was completed in January 2022, and we are currently in Phase 1: Pre-launch. This will be followed by Phase 2: Year One.
- ▶ Montana 988 is part of the National Suicide Prevention Lifeline network.

Crisis
Receiving
and
Stabilization

- ▶ Crisis Stabilization Program reimbursed through Medicaid - short-term emergency treatment for crisis intervention and stabilization.
 - ▶ Inpatient or Crisis Stabilization
 - ▶ Outpatient or Crisis Receiving
- ▶ Emergency Detention Beds
- ▶ Western Interstate Commission for Higher Education (WICHE) – High Level State-wide Assessment
 - ▶ Recommendations regarding the improving crisis receiving and stabilization within Montana to provide statewide coverage of crisis receiving and stabilization services.

WICHE Assessment

- ▶ WICHE is currently providing technical assistance and consultation on crisis receiving and stabilization centers to providers in seven counties
- ▶ The initial stage of WICHE's consultation encompassed a range of data review, information gathering, and relationship development (January - April 2020)

WICHE ASSESSMENT - ONGOING

- ▶ January –August 2022
- ▶ WICHE will continue to provide each of the providers in the seven counties technical assistance regarding the development and/or operation of crisis receiving and stabilization. Consultations are, and will continue to be, centered on the Crisis Now model in the context of each county's unique resources and system of care. Consultation has and will continue to focus on: a) services; b) facility; c) staffing; d) budgeting and sustainability; and d) policies.

SAMSHA's Minimum Standards for Crisis Receiving and Stabilization

- ▶ Function as a 24 hour or less crisis receiving and stabilization;
- ▶ Offer a dedicated first responder area;
- ▶ Incorporate some form of intensive support into a partner program, which could be within the services' own program or within another provider, to support flow for individuals who need additional support;
- ▶ Include beds within the real-time regional bed registry system operated by the crisis call center hub to support efficient connection to needed resources; and
- ▶ Coordinate connection to ongoing care.
