

Application For Search of Marriage & Divorce Indexes

This Office of Vital Records (OVR) does not issue certified copies of marriage or divorce records. OVR maintains marriage and divorce indexes for the years 1943 to the present. We will search the indexes and inform you of the spouse's names, where the record is located and the date of the event. More information regarding the record is available from the Clerk of Court in the county where the marriage license was purchased or where the divorce was filed.

The fee for this service is \$10.00 for the first 5 years searched, then \$1.00 per additional consecutive year. A certified letter of the results of the search will be sent.
