**Consumer Name:** ROBERT J MOWER

**SSN** 012-33-4884

**09/18/2006**

**Assessment Plan**

Assessment Completion Date: 12/17/2006

Proposed Work Goal (job): Self-Employment in Lawn Yard Maintenance

Abilities and capabilities to be assessed: In order to succeed in his self employment venture, Robert will need to have the ability to follow through with minimal paperwork; commit to basic goals and discipline himself to meet deadlines. He will need to show the ability to use supports including family supports to make this work. He will demonstrate these abilities and capabilities in completing the basic MVR Business Plan for Nano-business.

Services required for assessment: Robert will need a session with a SSA trained benefits counselor to determine how his income will interact with both SSI and Di benefits. Robert will also need either family help or temporary support from a provider to type up his business plan and prepare to present it to his counselor and a guest peer reviewer (Chuck Leggate, Regional Administrator)

Criteria for IPE completion: By 12/17/2006 Robert will:

1. Complete the business plan and present it to our office ad hoc business plan review group;
2. Bring in 3 letters of reference from potential customers for his counselor to consider;
3. Bring in a letter of commitment from his mother regarding the accounting support for his business.

Robert agrees if these activities turn out to be too hard to accomplish for him we will consider other vocational goals.
