

Meeting Montana's Long-Term Care Challenges SUMMIT

**Mountain
Pacific**

INNOVATING BETTER HEALTH

This summit builds on the momentum of the previous No Wrong Door roundtable discussions, which focused on revitalizing Montana's long-term care challenges. In partnership with Montana's Tribal programs, our goal is to collaboratively design and strengthen services that reflect the diverse needs of our communities.

We invite you to come prepared to engage deeply and finalize actionable strategies for right-sizing services and expanding access for our aging and disabled populations. Together, we can shape a more inclusive and sustainable future for long-term care in Montana.
