

American Indian Heart Attack Men - Radio Ad Script

Sound effects: Native American drum beat steady and strong, like a heart beat

Native American man 50-65 Years old says:

I had pain in my back

I didn't feel right

I was short of breath

I didn't have chest pain, just a feeling of pressure

Sound effect: Drum beats faster

Native American woman says:

I didn't know it but I was having a heart attack. I could of died

Sound effects: Drum beat

Announcer: Most heart attacks start slowly and are not always intense with the typical chest pain. Know the signs and call 9-1-1. Every minute counts. For more information call *1-800-242-8721*.
