

# **Montana Immunization Program**

Refrigerator Temperature	Log Month/Year	Storage Unit	Provider	VFC#
--------------------------	----------------	--------------	----------	------

### **Routine Temperature Monitoring:**

## Required

- Record time of day and initials of staff recording temperatures
- Check and record alarm status (Y or N)
- Each Morning: Record the minimum and maximum temperatures by putting an "M" next to the appropriate temperatures for that day.
- Temperature logs must be reviewed and signed before archiving.

# Optional

#### **Out-of-Range Response:**

If temperatures (other than defrost cycles) are in the shaded zone or the data logger light is in alarm:

- Quarantine vaccine, label DO NOT USE, and store under proper temperatures, if possible.
- Download data logger data, if possible.
- Contact the Immunization Program by going to www.immunization.mt.gov and clicking on "Vaccine Incident Report."
