PROGRAM TERMINATION

Member participation in the program terminates when:

1. The member no longer has a medical need for services including:
 - a. The member no longer meets service eligibility and service criteria; or
 - b. The member requests services to terminate.

PROVIDER TERMINATION

The provider agency may discharge a member for other reasons. This is an action of the provider not the Department. When doing this, the provider agency must provide advance notice to the member based on provider established policy.

In all cases, the provider agency should make a reasonable effort to ensure continuity and appropriateness of care through referrals to other providers, e.g., other Home Health agencies, other personal assistance providers, health department, physicians, etc.
